

Explanation

- Study Area Boundary
- 28 Section Number
- Area with no known water supply wells
- A - A' Cross Section Location
- Proposed Aquifer Exemption Boundary

Distribution of water supply wells by quarter-section, Colors indicate known aquifer source(s):

Groundwater Source Aquifer* and Number of Wells

- Alluvial Aquifer
- Paso Robles Formation Aquifers
- Pismo Formation Aquifers
- Monterey Formation Aquifers

*Groundwater Source Aquifer for wells determined by DWR well logs and interpreted surface geology
