8. **BAC Business & Discussion**

A. Planning Department Referrals

Discussion: Any referrals that may come in through the planning department may be discussed.

***Staff Recommendation: County Staff recommends that the department referrals be reviewed and commented by a subcommittee of three members to report back to the main committee.***

B. Significant Regional Corridors (SRC's) Top Three Priorities

Discussion: Based on the top three per BAC member, subcommittee will determine the final top three (3) routes.

***Staff Recommendation: County staff recommends creating a subcommittee for the review and commenting of the SRC's to bring forth the final three selected SRC's to the August meeting.***

C. Santa Rosa Creek Road Bike Lanes (Main St to Coast Union High School)

Discussion: Santa Rosa Creek Road contains class II bike lanes which are less than 3 feet in width from Main Street to Coast Union High School on Santa Rosa Creek Road. Due to the constrained width of roadway, sharrows are an alternative at the location as described within the recommendation above. The existing class II bike lane ordinance will be removed and replaced with a no parking ordinance for the entire route as described. BAC recommendation will be forwarded to school and advisory committee.

***Staff Recommendation: County staff recommends keeping the edge line for night visibility and placing sharrows from Main Street to Coast Union High School on Santa Rosa Creek Road to accommodate bicycle travel and safety. County staff also suggests reconsideration of priority within the Bike Plan to determine***

D. Los Osos Valley Road Bike Lanes (Doris to Broderson)

Discussion: Eastbound bike lane on Los Osos Valley Road between west of Doris and Broderson Avenue is incomplete. East of Doris Avenue is constrained and is too narrow for bike lane and parking. Shoulder width between Doris to Broderson is 8' to 12'. LOCAC is in support of class II bike lane at this location and is in support of studying and surveying this location. Next step is to continue to fulfill the parking survey between the limits to obtain residential parking data. Between 1-5 vehicles are typically parked in this area at 8:30 am daily.

***Staff Recommendation: County staff recommends going forward with written notices***

***to residents and parking enforcement on the existing 8am-8pm restriction/ordinance to ensure bike lane is not blocked by vehicles during the day.***

E. Buckley Road discussion

Discussion: Buckley Road is classified as a class II bike facility. Buckley road is currently ranked a score of 310 and placed 23 of 26 on the list in the 2016 bike plan. With area development, the ranking of Buckley Road may need to be reassessed.

***Staff Recommendation: None***

F. Caltrans SHOPP 2020 Route 58 to 229 improvements

Discussion: Caltrans is proposing a 2020 SHOPP rehabilitation project on Route 58 from the town of Santa Margarita to Route 229. The project scope would be defined in coming months and could provide the opportunity for improved shoulders from El Camino Real to Pozo Road. Early input on the scope would be necessary.

***Staff Recommendation: If planning is occurring, the BAC should discuss on this item and send a letter to Caltrans via the BAC chair advocating for improved shoulder on Route 58 from El Camino Real to Pozo Road.***

9. **Project Updates**

- Price Canyon Road: Project completion is currently expected fall of 2017
- Main/US 101 Interchange: Scoping phase with Caltrans is tentatively scheduled to be completed late 2017. Construction is tentatively not forecasted.
- Bob Jones Trail: NEPA documents have been submitted. County Parks and Recreation working on selecting a consulting firm to prepare construction documents and right of way exhibits. ATP grant application has been submitted.
