Scoring Metrics for the P1R2 Call for Projects

The "Screening Criteria" section is intended to filter projects that are not able or not likely to meet the narrow reimbursement schedule of this funding opportunity. For the source of "DWR Scoring" and "Prop 1 / Readiness Scoring", please see the Prop 1, Round 2 IRWM Implementation Grant Guidelines, Project Solicitation Package (PSP) and associated attachments. The "Other Factors" are derived from the 2019 IRWM Plan, Sections 1, 2, 4 and 6.

| **Total** | **6** | |

| Other Factors | Comments |
|---|---|
| Highest Readiness Scoring | Prioritize projects farther along in Permits, CEQA, Funding, and access. |
| Geographical Equity | Maximize areas of the County (North, South, Coastal, etc.) with grant funding |
| Previous Awards | Take into account previous awards under the IRWM Program. |

*Note: per DWR, because the City of Morro Bay, Oceano CSD, San Miguel CSD and the SLO County Flood Control and Water Conservation District have projects remaining in the Prop. 1, Round 2 Agreement, if these entities want to submit a project, or increased benefits for a funded project, these projects will be considered only if the general call for projects cannot meet the screening and eligibility requirements.*
