TO: IRWM Regional Water Management Group
FROM: Brendan Clark, Supervising Water Resources Engineer
DATE: October 10, 2025
SUBJECT: Item #3: Consider Selection of Members for the RWMG Working Group

Recommendation

Select at least 3 RWMG members to serve on the Prop. 1, Round 2 Replacement Working Group.

Discussion

As defined in the adopted IRWM Plan and program Memorandum of Understanding (MOU), project selection recommendations for funding opportunities are evaluated by an RWMG Working Group, to be then reviewed by the RWMG as a whole. The RWMG then submits a recommended project or suite of projects for funding to the WRAC and Board of Supervisors.

This Working Group will meet at least one time to 1) finalize a score for each project, based on the previously set scoring metric and 2) prepare project & funding recommendation or project & funding options for the RWMG to consider recommending to the BOS at a regular meeting.

Members of this Working Group must not have submitted a project for consideration. District staff facilitates the Working Group but does not have a vote.
