Subject: [EXT]Draft Post-Construction Stormwater Guidebook for San Luis Obispo County
Attachments: P-CON Guidebook_2023_Prelim Draft.docx; P-CON Guidebook_Appendices_2023_Prelim Draft.docx; SWCP Application_2023_Prelim Draft.docx; SWCP Template_2023_Prelim Draft.docx

ATTENTION: This email originated from outside the County's network. Use caution when opening attachments or links.

Hello,

The County of San Luis Obispo is developing a new Post-Construction Stormwater Guidebook to support compliance with the Regional Water Quality Control Board's Post-Construction Requirements. The new Guidebook will ultimately replace the County's current LID Handbook. The County has prepared a preliminary draft of the Guidebook and is now soliciting feedback from stakeholders. You are receiving this email because you had previously expressed interest in reviewing the draft Guidebook.

The draft Guidebook and associated documents are attached to this email. Please note that the files have been locked for editing. Instructions for providing comments are included on the first page of each document. Comments are due April 28.

We appreciate your input, and thank-you in advance for your participation!
