FOR IMMEDIATE RELEASE

Date: April 12, 2021

Contact: Devin Best, Executive Director

Upper Salinas – Las Tablas Resource Conservation District, (805) 536-3196

ONLINE COMMUNITY MEETING FOR THE ADELAIDA AREA GROUNDWATER STUDY –

The San Luis Obispo County Flood Control and Water Conservation District is coordinating with the U.S. Geological Survey (USGS) and the Upper Salinas-Las Tablas Resource Conservation District to conduct a groundwater study in the Adelaida area west of the City of Paso Robles (see attached map for study area boundary). The goal of this study is to provide a better understanding of the groundwater conditions in the Adelaida area so that informed decisions can be made about managing local water resources.

On Friday, April 23, 2021 at 4:00 p. m., an online community meeting will be held where USGS staff will provide an update on the Adelaida area groundwater study. The focus of the meeting will be a summary of work completed for the initial data collection task and next steps for the study. All interested members of the public are encouraged to attend.

Online Community Meeting via Zoom

Friday, April 23, 2021, at 4:00 p.m.

To join the meeting from your computer or smart phone:

- Click on the Zoom meeting link:
<https://zoom.us/j/98891928902?pwd=OUw4cjN6bUw0M1RmaHRXMUttaUE1Zz09>
- Enter Passcode: 175487 (if prompted)

To join the meeting from your phone:

- Dial +1 669 900 6833
- Enter Meeting ID: 988 9192 8902
- Enter Passcode: 175487
- Zoom call functions: *9 to “raise your hand”, *6 to mute/unmute
