

County Groundwater Monitoring Program

Notice of Well Measurements
October 2026

This October, the County will be measuring water levels in wells and updating consent forms with participating well owners.

COUNTY OF SAN LUIS OBISPO

Thank you for your continued participation in this important program.

Groundwater Levels

This Well Monitoring Program is one of the key programs implemented by the County to understand conditions and ensure that science-based decisions about the sustainability of groundwater resources within the region can be made. Your contribution to this program provides important hydrologic data to help assess the water resources of the County.

For further information about this program, please contact Cathy Martin at (805) 781-5275.
