# Quarter 3 2025

July- September\*

## Homeless Services Population Change During the Quarter

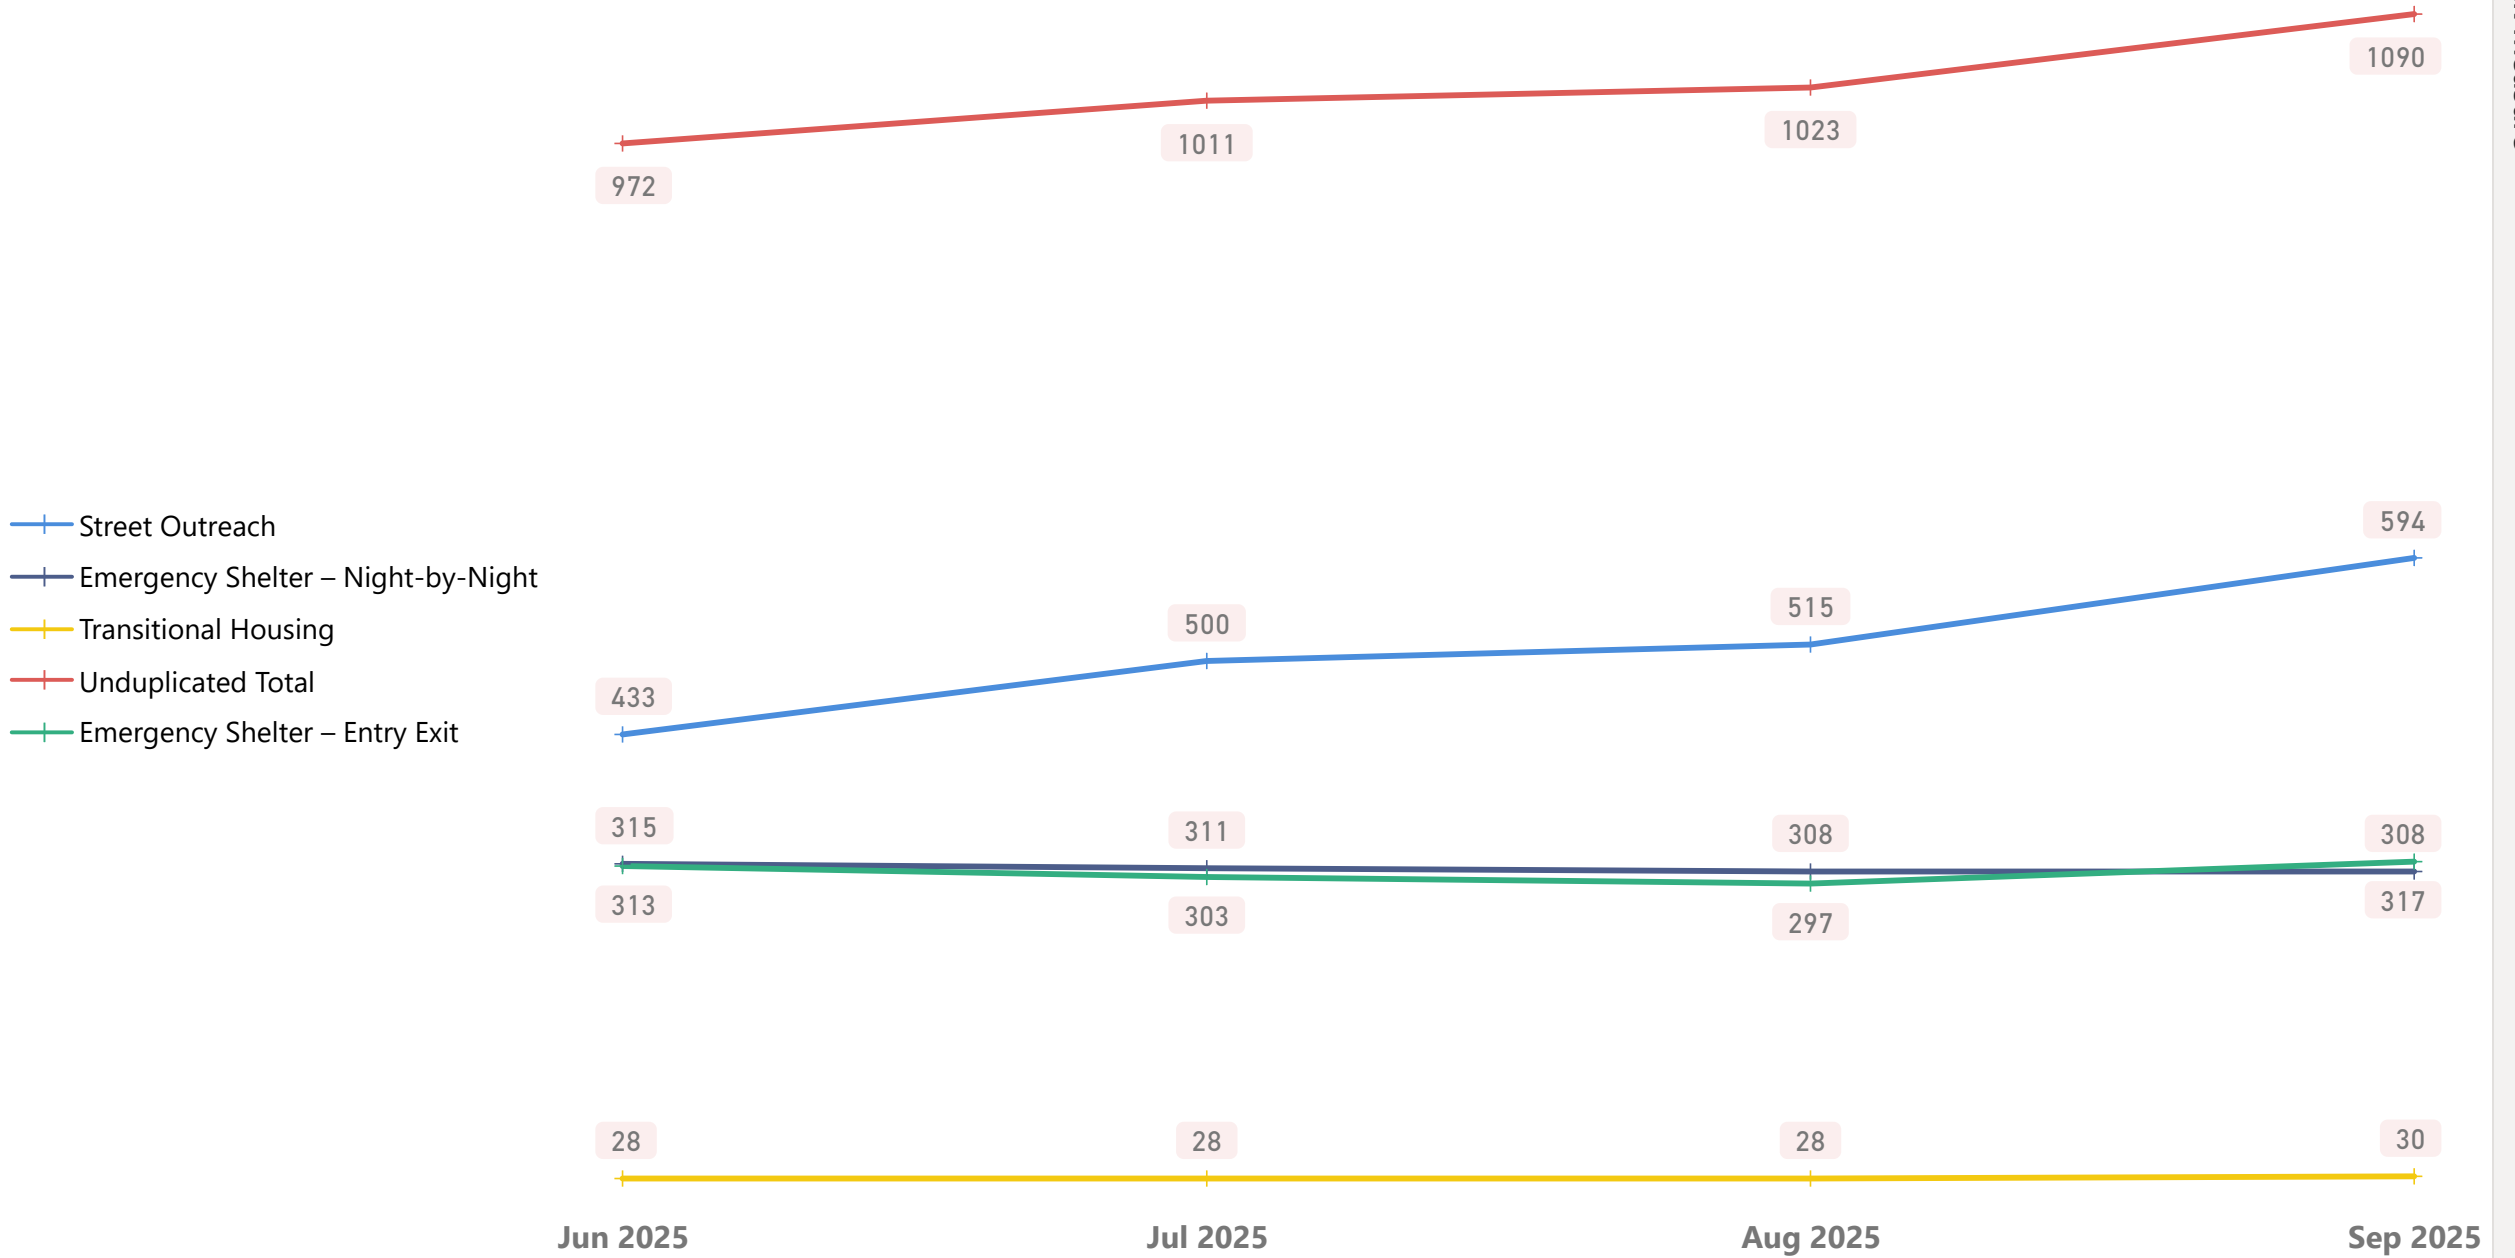

### Stayers

Of the clients who stayed enrolled in their homeless services program through the end of the reporting period, 51 clients moved from unsheltered to sheltered locations. Additionally, 31 stayers were matched to housing resources and were pending a housing move-in date.

### Leavers

Of the clients who exited their homeless services program at the end of the reporting period, 25 were housed in projects funded by the Continuum of Care.
