

# Community Outreach & Supportive Services for Veterans & Families

## San Luis Obispo County

For Veterans experiencing homelessness or those who are at risk, the Department of Veterans Affairs (VA) partners with local agencies and nonprofits to ensure Veterans and their families receive the support and care they have earned through their military services.

Veterans can receive financial assistance and emergency housing through the Supportive Services for Veteran Families (SSVF) program, as well as connections to services that offer job training, meals, clothing, and more by contacting the following:
