"I love this job! I like helping people while giving them hope and comfort!"

~ Ashley H., Caregiver

Before working for IHSS, Ashley said she was "lost & looking for her place in the world." For the past 3 years, she has been working for Jim & Kathy M. as their caregiver. Jim describes Ashley as a "treasure" and Kathy said, "How can I put it into words? She does things we can't do for ourselves anymore." IHSS has positively impacted Ashley's life & she feels the most rewarding part of being a provider is, "You get as much as you give."

"The comfort of being in your own home is wonderful!"

~ Artherrine P., IHSS Recipient

Artherrine is very passionate about IHSS. Not only has she been a recipient of services for the past 13 years, she also held a position on the IHSS Governing Board for 5 years. While on the board, she helped get approval for provider background checks & raised wages for providers. She has been a pioneer for the program and is now able to be on the receiving end of her hard work.
