

How Will Employees Be Paid?

As of March 19, 2020, at 5:01 pm all County Employees are considered Disaster Service Workers. This affects timecard coding.

All permanent employees are Disaster Service Workers (DSW) and will likely be required to work during the COVID-19 pandemic which includes working at emergency response facilities in a variety of day, evening, and night shifts, depending on needs and available DSW's. As a DSW, employees will likely be assigned to locations, duties and work hours outside of their normal job responsibilities. For example: if you normally work 8:00 a.m. to 5:00 p.m. at your office, you may be scheduled to work 11:00 a.m. to 8:00 p.m. at a different work location. You may be scheduled to work a 12-hour shift. Any applicable MOU or overtime provisions will apply while working as a DSW. This requirement for working as a DSW is governed by both State and County law. **If employees are at work or available to work, they will be paid salary and benefits as if they are working their regular schedule.** Each department has designated personnel that will coordinate the coding of timecards if you are unable to do so yourself from home.

*Disaster Service Worker

**Emergency Operations Center

***Joint Information Center

Please review the typical work scenarios below to further assist you in properly coding your timecard:

1. I was performing normal job duties either at work or telecommuting
 - a. Code regular time (10 for at work, 15 for telecommuting)
2. I am unable to report to work or telecommute for any COVID reason (school closures, self-isolating, sick, caring for family member, etc.) [Click here for leave and pay options.](#)
 - a. Code any leave balances with COV19 as the functional area
3. I am available to work any time after March 19, 2020 at 5:01 pm, but my normal job was not identified as an essential service and I have not yet been called as a Disaster Service Worker.
 - a. If you are available and able to work as a DSW, but have not yet been called, and do not have work that can be performed remotely or in the office, code regular working time and code DSW-Wait as the functional area.
 - b. Code regular working time and code COV19 as the functional area (10 for at work, 15 for telecommuting) if you are performing COVID-19 related duties.
 - c. If you are performing your normal job duties not associated with COVID-19, code your regular working time (10 for at work, 15 for telecommuting). **Do not** code the COV19 Functional Area.
 - d. Department's designee will facilitate timecard coding
4. My job has been identified as an essential service and I am reporting to work or telecommuting any time after March 19, 2020 at 5:01 pm
 - a. Code regular working time and code COV19 as the functional area (10 for at work, 15 for telecommuting) if you are performing COVID-19 related duties.
 - b. If you are performing your normal job duties, not associated with COVID-19, code your regular working time (10 for at work, 15 for telecommuting). **Do not** code the COV19 Functional Area.
5. I am working at the Emergency Operations Center, Joint Information Center or performing work as a Disaster Service Worker.
 - a. Code regular working time (10 for at work, 15 for telecommuting) and code the functional area shown in the chart above.
6. I am on call as a DSW and got called to work at the foodbank for only three hours. How do I code my timecard?
 - a. You will code a combination of time on your timecard. 3 hours will be coded as code 10 with COV19-CareShelter, and the remaining 5 hours as code 10 with DSW-Wait or however else your time was spent working.
7. Do MOU and overtime provisions still apply?
 - a. Yes, all pay provisions agreed to per appropriate MOU and overtime provisions for hourly employees still apply.

For additional questions please refer to the FAQ's posted [here](#).

Leave Options Available

- **COVID-19 Emergency Paid Sick Leave (EPSL):** To comply with the Families First Coronavirus Response Act (FFCRA) the County will **deposit** 80 hours of sick leave into all full-time employees' current sick leave bank (pro-rated for part-time regular employees). Employees will not repay any of these hours used.
- Any other leave balances (Vacation, Personal, CTO, Annual Leave if eligible, etc.). To maximize your benefits, this should be used after sick leave balances are exhausted.
- **COVID-19 Sick Leave Advance:** The County will **advance** up to 80 hours of sick leave to regular employees who have no other leave balances. This should be used after all other paid leave is exhausted. This advance means you will not accrue additional sick leave hours until you earn back the advanced sick hours given to you. There is also an option that will allow you to accrue hours back at half the regular rate. Note that this is separate from item #1 listed above.
- State Disability Insurance (SDI), Voya Disability, Paid Family Leave, Unemployment Insurance, etc. can be coordinated with any of the above paid leave options based on employee eligibility.
- **Emergency Family and Medical Leave Extension Act (EFMLEA):** The Emergency Paid Family and Medical Leave Expansion Act is an amendment to the Family and Medical Leave Act (FMLA) approved by the Federal Government on March 18, 2020. The amendment provides 12 weeks of leave for caring for a child under 18 who is home because of a school closure or childcare closure. There is a 10 day waiting period for benefits, then employees are eligible for paid leave of 2/3 of an employee's pay. An employee may use accrued leave balances for the first 10 days before they become eligible. Employees who are not eligible for CA SDI and PFL will be eligible for this benefit.
- **COVID-19 Catastrophic Leave Program:** This will be available to any regular employees who have exhausted all leave balances.

Leave Scenarios for Employees Unable to Work or be Available as DSW

(See overview starting on page 6 for more details on some of these options)

²Emergency Paid Family and Medical Leave Expansion Act is an amendment to the Family and Medical Leave Act (FMLA) approved by the Federal Government on March 18, 2020. The amendment provides 12 weeks of leave for caring for a child under 18 who is home because of a school closure or childcare closure. There is a 10 day waiting period for benefits, then employees are eligible for paid leave of 2/3 of an employee's pay. An employee may use accrued leave balances for the first 10 days. Employees who are not eligible for CA SDI and PFL as described above will be eligible for this benefit.

³Employees in BU 1, 2, 4, 5, 11, 13, 31, and 32 are currently covered under CA SDI and PFL. BU 12 will be transitioning to CA SDI effective 7/1/20. BU 12 is encouraged to apply, but benefits are not guaranteed.

5. If I am exposed to or contract COVID-19 at work?

- If it is determined that you contracted COVID19 at work, you will be reimbursed through Worker's Compensation for related absences.
- If it is determined that you were exposed to COVID19 at work but you have not been diagnosed with COVID19, you will code your available paid leave balances.
 - If you have exhausted all leave balances, see options above.
- If you are required to quarantine by the Public Health Officer (but have not contracted COVID19) OR if you self-isolate, you will code your available paid leave balances.
 - If you have exhausted all leave balances, see options above.

Overview of Benefits and Leave Options

In general, most benefit programs are designed to ensure you receive 100% of your pay. Please be aware of the plan documents and how each benefit program coordinates with other benefits. If you receive more than 100% of your pay by applying for multiple benefits, you may be responsible for repaying any benefits overpayments.
