

AGENDA

Los Osos Groundwater Basin Fringe Areas Meeting:
Summary of Basin Study

Monday, March 26, 2018
6:00 to 8:00 pm

CAL FIRE/SLO County Fire – South Bay Training Center (multi-purpose room)
880 Manzanita Drive, Los Osos, CA 93402

Meeting Host: County San Luis Obispo

Purpose of meeting: To update residents within the Los Osos Groundwater Basin “Fringe Areas” (non-adjudicated portions of the basin) about the Sustainable Groundwater Management Act (SGMA) process, basin characterization study for the fringe areas. and potential basin boundary modifications.

Desired Meeting Outcome - The primary goals of this meeting are to provide information and seek feedback from the public on the following topics:

- Key findings of the basin characterization study in the Los Osos Groundwater Basin “fringe areas”
Potential basin boundary modifications related to the “fringe areas”

Table with 3 columns: Time, Topic, Speaker. Rows include Welcome and Meeting Format, Opening Remarks, Presentation (SGMA overview, State Boundary Modification Process, Next Steps), and Comments / Questions.

For information regarding SGMA efforts, or to receive emails about future updates on the basin characterization study and basin boundary modification efforts in the “Fringe Areas,” please visit the County’s SGMA website http://slocountywater.org/sgma and sign up with our emailing list for the Los Osos Valley Basin.
